TELETASK, Home Automation Systems for smart homes, have been installed in thousands of villa's, castles, luxury houses, apartments and buildings all over the world.

Founded in 1984 in Belgium, today TELETASK has realised projects in over 40 countries worldwide.

For reasons of discretion, most of our clients prefer to remain anonymous, yet here you can find a selection of references which were realised between 1984 and 2017:
